LET'S GET EMPOWERED!!

I'm so excited to get you ready for your session! I'm sure you have plenty of questions, so let's get to it! Most women feel a little uneasy when they are thinking about these sessions, because this is something that is completely out of their comfort zone. Here are a few things you can expect from your session. - I will professionally and respectfully coach you through your poses and session in a comfortable and private environment. - You will be nervous, but these nerves will subside with every moment during your session (the longer your session the better, because you will probably get better at posing and expression with every minute that passes). - I will choose the poses that will flatter your body type, you may not love EVERY shot, but the goal is to find a reasonable amount of your boudoir shots that you absolutely love. - The shoot will remain at YOUR comfort level. If you do want nudity, it must be tasteful. - Your photos will remain private unless you sign a model release. Are you ready to have the time of your life?!

What should you BRING to your photo session?

I suggest that you bring a few of your favorite outfits along with a towel because we do get in the creek. Remember, this will be an outdoor session, so the normal lingerie may not always go with the scenery. Some of the most flattering outfits are a simple black corset, short summer dress, something "see through", kimonos, body suits, fishnets. I also suggest boy short undies and a killer push up bra at the very least. The sky's the limit! Above all, you should wear something that you feel comfortable and sexy in! I will also have a few things that you can use out of the Darling Darlings Closet! I have a variety of sizes and options to choose from including body jewelry.

Are you booking this session for a significant other? Bring some of their stuff to include in the pictures! Hats, button up shirt, etc.

What about hair and makeup?

Hair and makeup will be included in the session. I am teaming up with two AMAZING artists, Shannah Scott and Mackenzie Wood. In the questionnaire, you will be asked a few questions about your overall style for hair and makeup and if you are allergic to anything. Please be sure to bring along any reference photos as well. Wear loose clothing that you can easily unbutton or slip over your head. We don't want to mess up any of the makeup or hair! When showing up to your session, clean hair and a makeup free face is always best!

I don't consider myself sexy; will you help me with posing and expression?

You can rest easy knowing that I will help you with posing and expressions. It is my job to coach you and make you look your absolute best. You shouldn't have to worry about that factor at all, you should be able to put all the trust in me and just enjoy the experience. With that being said, DO NOT hate on yourself! I'm here to lift you up, make you laugh, look fierce AF and have a great time boosting that confidence!

Where will the photos be taken?

The photos will be taken on private property in Statesville. There's around 16 acres or woods with a large, slightly wooded meadow and a rushing creek beside it. I assure you; this is a secluded area and will provide privacy for your session. If you still do not feel comfortable changing in the open, I provide a privacy tent that will allow you to change comfortably.

All sessions will start at 6:00pm.

Hair & Make Up will start at: 4:45pm.

Here is the address to the shoot/Hair & Makeup location:

132 Stone Bridge Lane
